**IMPORTANT NOTE:** Once you have completed a portion of your synopsis, please send a sample of your work to your tutor to make sure that you are on the right track. Your tutor is always available and willing to help you, guide you and answer any questions. Therefore, once you have completed your synopsis, it should conform to all the above points. Submit your final synopsis only after carefully verifying, to the best of your ability, that you have followed all instructions and guidelines. Please bear in mind that each time your tutor sends the thesis back to you for more corrections, this not only creates unnecessary work for you and your tutor, but it could also affect your final grade.
